EDUCATIONAL COMPLEX IN ADJARRA

THE PROJECT

BENÍN

It is one of the **least developed countries** in the world

42,4% of people over 15 years can read and more than **56,1%** of women can't read and write

The state have not resources for all the children

There is a **great inequality** between urban and rural areas.

Only children from wealthy families have the opportunity for a quality education.

2020
